Dear Mr. Stevens,

I'm sorry I did not get this letter answered sooner but we've had a rather difficult time in finding a picture of him ^(Walter) and we still don't have a picture where he is on alone.

As soon as I get more developed from this picture I will send one to you.

From which commander did you get the details about

this accident? Perhaps you wrote in last July already. As yet we have not written in for full details; and I would appreciate very much if you would let me know whom you wrote for the information you have received.

I also would like a picture of your son, if possible. Thinking you in advance for your kindness.

Yours truly,
Mrs. Peter Eisenbarth
